

TERROIRSENSE

WINE REVIEW

2018 Alsace L'Eclat

92+

Lively straw green. Green apple and chamomile, lime, quince and lemon ice, the Sylvaner is really quite present here and speaks of the old vines (more than 50 years of age) and its provenance around Westhalten (where Sylvaner grows especially well and reaches qualitative zeniths in many places). A blend of Riesling (80%) and Sylvaner (20%), this clocks in at 4 g/L r.s. and 6.6 g/L total acidity and only 12% alcohol, this is really outstanding that showcases just how well Riesling and Sylvaner blend together. Chapeau! Drinking window: now-2028.
