## WINE REVIEW

2018 Alsace l'Arabesque

91

A 50-50 blend of Gewurztraminer and Muscat, this clocks in at 12% alcohol but is rather flavourful and its freshness (5 g/L total acidity which really isn't that much) helps lift the ripe aromatic nuances. By contrast, its 7 g/L r.s is really not evident and the wine tastes as a classically dry or very barely off-dry wine. Drinking window: now-2025.
